Chairmans' Review Report

As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of The National Silk and Rayon Mills Limited is carried out. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

The Company remains committed to deliver on its long term objectives of sustainable growth and value creation. This being achieved through continued focus on operational excellence.

For the financial year ended June 30, 2021, the Board's overall performance and effectiveness has been assessed as satisfactory. Improvement is an ongoing process leading to action plans. The overall assessment as satisfactory is based on an evaluation of integral components, including vision, mission and values; engagement in strategic planning; formulation of policies; monitoring the organization's business activities; monitor financial resource management; effective fiscal oversight; equitable treatment of all employees and efficiency in carrying out the Board's business.

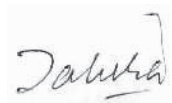

The Board of Directors of the Company received agendas and supporting written material including follow up materials in sufficient time prior to the board and its committee meetings. The board meets frequently enough to adequately discharge its responsibilities. The non-executive and independent directors are equally involved in important decisions.

Future Outlook

The COVID-19 pandemic has had a significant impact on the domestic as well as the global economy. The country has dealt reasonably well with the aftermath but maintaining the positive momentum remains critical in the immediate term. On the growth front, risks remain due to the emergence of a third, more virulent wave of COVID-19 even though the vaccine roll-out has begun. Inflation may continue to remain elevated. The path of domestic energy prices and international commodity prices may have an important bearing on the inflation trajectory. The resumption of the IMF program has boosted prospects and guaranteed that external financing needs will be comfortably met. This, together with expected private and official inflows should continue to keep Pakistan's external position stable. On the other hand, austerity measures under IMF program may limit Government's ability to expand fiscal support and spending. Accordingly, there is a need to strike an appropriate balance between supporting the economy, ensuring debt sustainability, and advancing structural reforms while maintaining social cohesion. As the economic activity normalizes and effects of the pandemic subside, the country is projected to experience a broad-based recovery. The Company believes that the fundamental attributes of business operations – sustainability and leadership – have attained more relevance than ever before. While the pandemic shook the world, the Company successfully steered through the uncertain times and adopted the new "normal" with emphasis on health & safety yet ensuring business continuity. This was achieved on the back of the Company's ability to deliver efficient and accessible mobility solutions to the present and future generations.

Acknowledgment

On behalf of the Board of Directors, I would like to express my special gratitude to all the shareholders for their continued support and encouragement. I would also like to place on record the appreciation for the commendable services rendered by the employees of the Company. I also acknowledge the dedication and commitment of my fellow directors during this year and thank our CEO and his Team for their concerted efforts, focused approach and professional commitment.

Independent Auditor's Review Report

To the Members of The National Silk And Rayon Mills Limited

**Review Report on the Statement of Compliance contained in Listed Companies
(Code of Corporate Governance) Regulations, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **The National Silk And Rayon Mills Limited** for the year ended June 30, 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2021.

Further, we highlight below instances of non-compliances with the requirement of the Regulations as reflected in the paragraph reference wherein it is stated in the Statement of Compliance:

Para No.	Description
I) 18	Composition of the Board having at least two or one third members of the Board, as independent directors
ii) 18	Composition of the Audit Committee having at least one member of the Audit Committee as "financially literate"

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit, the total comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

S. No.	Key audit matter(s)	How the matter was addressed in our audit
(i)	Revenue recognition <i>(Refer to note 26 to the financial statements)</i> The Company generates revenue from dyeing and embroidery of fabric to domestic as well as export customers. The company recognized revenue from domestic customers amounting Rs.1,087.04 million. We identified revenue recognition as key audit matter as it is one of the key performance indicators of the Company and because of the potential risk that revenue is recognized without transferring the control.	Our audit procedures included the following: <ul style="list-style-type: none">• We obtained an understanding of the process relating to recognition of revenue and assessing the design, implementation and operating effectiveness of key internal controls over recording of revenue;• We assessed the appropriateness of the Company's accounting policies for revenue recognition and compliance of those policies with applicable accounting standards;• We compared, on a sample basis, specific revenue transactions recorded before and after the reporting date with underlying documentation to assess whether revenue has been recognized in the appropriate accounting period;• We inspected credit notes issued to record sales returns subsequent to year end, if any; and• We obtained an understanding of the nature of the revenue contracts entered into by the Company, tested a sample of sales orders/contracts to confirm the compliance of the requirements of the applicable reporting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprise the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are

required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

-3-

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Ghulam Mudassar.

Notes to the Financial Statements

FOR THE YEAR ENDED JUNE 30, 2021

1 STATUS AND NATURE OF BUSINESS

The Company is a Public Limited Company, incorporated in Pakistan on June 27, 1950 under the repealed Companies Act, 1913. The Company is quoted on Pakistan Stock Exchange. The registered office of the Company is situated at H-8/3, Aziz Avenue, Canal road, Gulberg V, Lahore. The factory is located Dhuddiwala, Jaranwala Road, Faisalabad in the province of Punjab. The principal activity of the company is dyeing, bleaching, finishing and embroidery of fabric.

2 BASIS OF PREPARATION

2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 ACCOUNTING CONVENTION

These financial statements have been prepared under the historical cost convention except as stated hereafter in the relevant accounting policies. Further accrual basis of accounting is followed in the preparation of these financial statements except for cash flow information.

2.3 FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Pakistani Rupee, which is the Company's functional and presentation currency.

2.4 JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the process of applying the accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- i Surplus on revaluation of freehold land
- ii Contingencies
- iii Estimated useful life of operating assets
- iv Estimated useful life of intangible assets
- v Deferred taxation
- vi Provision for taxation
- vii Provision for doubtful debts

2.5 NEW STANDARDS, AMENDMENTS TO APPROVED ACCOUNTING STANDARDS AND NEW

2.5.1 Standards, amendments and interpretations to existing standards that are effective in current year

There were certain amendments to accounting and reporting standards which became effective for the company for the current year. However, these are considered not to be relevant or to have any significant impact on the Company's financial reporting and, therefore, have not been disclosed in these financial statements.

2.5.2 New standards, amendments to approved accounting standards and interpretations that are effective for the Company's accounting periods beginning on or after July 1, 2021

There is a standard and certain other amendments to accounting and reporting standards that are not yet effective and are considered either not to be relevant or to have any significant impact on the company's financial statements and operations and, therefore, have not been disclosed in these financial statements.

2.6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these financial statements are the same as those applied in the preparation of the financial statements of the Company for the year ended June 30, 2021 are set out below.

2.6.1 Taxation

Current

Company's export sales fall under final tax regime under Section 154 of the Income Tax Ordinance, 2001. Charge for current taxation other than export is based on taxable income at the current rates of taxation after taking into account tax credits, brought forward losses, accelerated depreciation allowances and any minimum limits imposed by the taxation laws.

Deferred

The company accounts for deferred taxation using the liability method on all timing differences which are considered reversible in the foreseeable future.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized.

Deferred tax is calculated at the rates expected to apply to the period when the related temporary differences reverse, based on tax rates that have been enacted or substantially enacted by the reporting date.

2.6.2 Defined Contribution Plan

The Company has ceased the unfunded Gratuity Scheme and introduced defined contribution plan i.e. "Provident Fund" for all its permanent employees effective from July 01, 2016. Equal monthly contribution are made both by the Company and employees at the rate of 8.33 % of the gross salary and the same is charged to the statement of profit or loss.

2.6.3 Foreign Currency Translations

Foreign currency transactions are translated into Pak Rupees using the exchange rates prevailing at the dates of the transactions. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the reporting date. Foreign exchange gains and losses on translation are included in the statement of profit or loss.

2.6.4 Trade and Other Payables

Liabilities for trade creditors and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not invoiced to the company.

2.6.5 Dividends

Dividend and appropriation to reserves are recognized in the financial statements in the period in which these are approved.

2.6.6 Contingencies and Commitments

Capital commitments and contingencies, unless those are actual liabilities, are not incorporated in the financial statements.

2.6.7 Provisions

A provision is recognized when the Company has a legal or constructive obligation as a result of past event; it is probable that an outflow of economic resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

2.6.8 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss except freehold land and capital work-in-progress. Freehold land is stated at revalued amount and capital work-in-progress is stated at cost consisting of expenditure incurred in respect of fixed assets in the course of their construction and installation less any impairment. Cost of certain plant and machinery consists of historical cost and exchange fluctuations on foreign currency loans utilized for acquisition thereof. Borrowing costs pertaining to erection / construction period are capitalized as part of the historical cost.

Depreciation is charged to profit or loss applying reducing balance method to write-off the cost, capitalized exchange fluctuations and borrowing costs over estimated remaining useful life of assets. The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from items of fixed assets. Rates of depreciation are stated in relevant note to these financial statements.

Depreciation on additions is charged from the month the asset is available for use while no depreciation is charged in the month in which the asset is disposed off.

The Company assesses at each reporting date whether there is any indication that property, plant and equipment may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount assets are written down to their recoverable amounts and the resulting impairment loss is recognized in income currently. The recoverable amount is the higher of an assets' fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the assets' revised carrying amount over its estimated useful life.

Gains/losses on disposal of fixed assets are taken to statement of profit or loss.

Minor repairs and maintenance are charged to income, as and when incurred. Major renewals and replacements are capitalized and the assets so replaced, if any, other than those kept as stand by, are retired.

2.6.9 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition an intangible asset is carried at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized from the month, when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Company. The useful life and amortization method is reviewed and adjusted, if appropriate, at each reporting date.

2.6.10 Capital Work in Progress

Capital work in progress is stated at cost less any identified impairment loss. Items are transferred to operating fixed assets as and when they are available for use.

2.6.11 Stores, Spares and Loose Tools

Useable stores and spares are valued principally at moving average cost, these are valued at lower of weighted average cost and net realizable value, except items in transit, which are stated at cost. Provision for slow moving, damaged and obsolete items are charged to the statement of profit or loss. Value of items is reviewed at each statement of financial position date to record provision for any slow moving items, damaged and obsolete items.

Net realizable value signifies the selling price in the ordinary course of business less estimated cost necessarily to be incurred in order to make the sale, which is generally equivalent to the estimated replacement cost.

2.6.12 Stocks in Trade

Stock in trade is valued at the lower of cost and estimated net realizable value. Cost is determined as follows:

- Cost of raw material is based on weighted average cost.
- Cost in relation to work-in-process and finished goods represents the annual average manufacturing cost which consists of prime cost and appropriate production overheads.

Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less estimated costs of completion and the estimated costs necessary to be incurred for its sale.

2.6.13 Trade debts and other receivables

Trade debts and other receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing component in which case such are recognised at fair value. The Company holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortised cost using the effective interest rate method.

2.6.14 Cash and Cash Equivalents

Cash and cash equivalents consist of cash in hand and balances with banks. Cash and cash equivalents included in statement of cash flows statement comprise of cash in hand, demand deposits, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value and short term running finances under mark up arrangements.

2.6.15 Financial Instruments

Financial Assets

a) Amortised Cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in the statement of profit or loss.

b) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Financial assets are derecognized when the Company loses control of the contractual rights that comprise the financial asset. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

Financial Liabilities

Financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed on profit or loss.

Financial liabilities other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender or substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in profit or loss.

2.6.16 Offsetting of financial assets and financial liabilities

A financial asset and financial liability is off-set and the net amount is reported in the statement of financial position when there is a legally enforceable right to set-off the transaction and also there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously.

2.6.17 Impairment

(a) Financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets. The Company applies the simplified approach to recognise lifetime expected credit losses for trade debts, due from customers and contract assets except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities, bank balances and other receivables for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

The Company recognises in the statement of profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

(b) Non-Financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognized as an expense in the statement of profit or loss. The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

2.6.18 Revenue Recognition:

- (a) Revenue is recognised when or as performance obligations are satisfied by transferring control of a promised goods or service to a customer, and control either transfers over time or at a point in time. Revenue is measured at fair value of the consideration received or receivable, excluding discounts, rebates and government levies.
- (b) Mark-up on bank deposits is recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.
- (c) Dividend income is recognized when the right to receive such payment is established.

2.6.19 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are charged to the statement of profit or loss in the period of incurrence.

2.6.20 Basic and diluted earnings per share

The Company presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

2.6.21 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the Chief Executive Officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Segment results that are reported to the Chief Executive Officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those income, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated. The Company's reportable business segments comprise of Dyeing and Embroidery. Transactions among the business segments are recorded at arm's length prices using admissible valuation methods (if any). Inter segment sales and purchases are eliminated from the total (if any).

2.6.22 RELATED PARTY

Transactions and contracts with the related parties are carried out at an arm's length price determined in accordance with comparable uncontrolled price method except reason disclosed in relevant note to the financial statements, if any. Transactions with related parties have been disclosed in the relevant notes to the financial statements.

6.1 This represents non-current portion of Gas infrastructure Development Cess (GIDC) payable to Sui Northern Gas Pipelines Limited (SNGPL). The company has accounted for GIDC payable in consequent of decision dated 13 August 2020 of Supreme Court of Pakistan in favour of SNGPL. Unpaid amount of GIDC is payable in 24 equal monthly installments starting from August 01, 2020. Accordingly, the related non-current portion has been classified under non-current liabilities and has been presented at amortization cost using effective rate for current year. However, the Company challenged the levy of GIDC till 2015 before the Hon' able Lahore High Court, Lahore on ground that GIDC is not recoverable from the company under section 8 of the relevant Act. In February 2021, the Hon' able Court granted interim relief against the payment of installments. On June 17, 2021 Hon' able Court issued an order and restrained to SNGPL to recover GIDC till the fulfilment all requirement for recovery of aforesaid levy.

37 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk and interest rate risk). Financial risk management is carried out under risk policies established and approved by the Board of Directors. The management administers all aspects of risk management involving currency and interest rate risk, and cash management, in accordance with the risk policy.

The company's exposure to financial risks, the way these risks affect revenues, expenses, assets, liabilities and forecast transactions of the company and the manner in which each of these risks are managed is as follows:

37.1 Credit Risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company manages credit risk by limiting significant exposure to any individual customer, by obtaining advance against sale and do not have significant exposure to any individual customer. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

	2021 Rupees	2020 Rupees
Long term deposits	22,956,046	21,657,546
Trade debts	225,447,951	130,309,139
Interest accrued	217	10,886
Bank balances	6,979,082	18,856,869
	<u>255,383,296</u>	<u>170,834,440</u>

Geographically there is no concentration of credit risk.

Credit Quality of Financial Assets

Foreign trade debts are secured against confirmed letter of credit, if any. The Company has placed funds in financial institutions keeping in view credit ratings. The Company assesses the credit quality of the counter parties as satisfactory. The Company does not hold any collateral as security against any of its financial assets except foreign debtors, if any.

The aging of trade debts at the reporting date was:

	2021		2020	
	Gross	Doubtful	Gross	Doubtful
	-----Rupees-----			
Up to 1 month	128,144,157	-	121,082,291	-

* Credit risk on these balances is limited because the banks are under strict regulatory framework of SBP and have statutory reserves with SBP.

Credit Risk Management

In respect of trade receivables, the company does not have significant concentration of credit risk with a single customer. Formal policies and procedures of credit management and administration of receivables are established and executed. In monitoring customer credit risk, the ageing profile of total receivables balances and individually significant balances, along with collection activities are reported to the Board of Directors on a monthly basis. High risk customers are identified and restrictions are placed on future trading, including suspending future shipments and administering dispatches on a prepayment basis of confirmed letters of credit. These actions are also reported to the Board on a monthly basis.

37.2 Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. The following are the contractual maturities of financial liabilities including expected interest payments and excluding the impact of netting agreements:

Liquidity Risk Management

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

The Company monitors cash flow requirements and produces cash flow projections for the short and long term. Typically, the company ensures that it has sufficient cash on demand to meet expected operational cash flows, including serving of financial obligations. This includes maintenance of liquidity ratios, debtors and creditors concentration both in terms of overall funding mix and avoidance of undue reliance on large individual customer. Further, the Company has the support of its sponsors in respect of any liquidity shortfalls.

37.3 Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the company's net profit or the fair value of its financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing return.

37.3.1 Currency Risk

The Company is exposed to currency risk in respect of export sales, imports and resulting balances that are denominated in a currency other than functional currency. The net foreign currency risk exposure on reporting date comprises of following currencies as letters of credit payables.

2021			2020		
Currency	F. Currency	Rupees	Currency	F. Currency	Rupees
USD	\$ 395,524.31	62,651,051	USD	\$ 269,466.91	45,324,335
EURO	€ 84,973.19	16,023,395			

The following significant exchange rates have been applied as at reporting date:

Foreign Currency	2021 Rupees	2020 Rupees
USD	158.40	168.20
EURO	188.57	188.99

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 1% against the foreign currencies, i.e. USD and EURO with all other variables held constant, the impact on profit after taxation for the year, higher / lower, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments, would have been as follows:

	2021 Rupees	2020 Rupees
Letters of credit	786,744	453,243

37.3.2 Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate exposure arises from short term borrowings from banks and letters of credit payable.

a) Cash flow sensitivity analysis for variable rate instruments

The Company is exposed to interest rate risk in respect of its variable rate instruments. A 100 basis points increase in variable interest rates would have decrease profit by Rs. 1,182,054 (2020: increase loss by Rs. 347,800). A 100 basis points decrease in variable interest rate would have had an equal but opposite impact on profit. This sensitivity analysis is based on assumption that all variables, with the exception of interest rates, remain unchanged.

b) Cash flow sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore a change in interest rates at the reporting date would not affect profit or loss.

The effective interest / mark-up rates in respect of financial instruments are mentioned in respective notes to the financial statements.

35.3.3 Price Risk

The company is not exposed to any price risk as it does not hold any significant investments exposed to price risk.

37.4 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The estimated fair value of all financial assets and liabilities is considered not significantly different from book values as the items are either short-term in nature or periodically repriced.

The assets and liabilities that are measured at fair value on recurring and non-recurring basis have been disclosed in the relevant notes to the financial statements, if any.

International Financial Reporting Standard 13, 'Financial Instruments : Disclosure' requires the company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

Currently there are no financial assets or financial liabilities which are measured at their fair value.

- 37.4.1 Certain categories of operating fixed assets (i.e. freehold land) are carried at revalued amounts (level 2 measurement on non recurring basis) determined by a professional surveyor based on their assessment of the market values as disclosed in note 15 to these financial statements.

37.5 Capital risk management

The Company's objective when managing capital is to safeguard the Company's ability to remain as a going concern and continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Company is currently financing majority of its operations through short-term financing in addition to its equity. Total capital is calculated as equity as shown in the statement of financial position plus total debt. Total debts includes loan from banking companies and loan from related parties.

	2021	2020
	--- R u p e e s ---	
Total borrowings	132,939,070	98,296,815
